

End-to-End Brand Solutions

Infusing aesthetics in everyday communication

Communication is an integral part of our life. We communicate with one another through various mediums. It is very important that the essence of what we want to communicate reaches its audience in its entirety. **BlueShift is on a mission to infuse aesthetics into what we communicate. We strive to make communication clear, contextual, creative and inviting.**

We design. We love design.

Good Design is **Less Design**

BlueShift is a small, stand-alone design hot-shop.
We deliver world-class graphic design solutions that meet our client's needs

APOLLO HOSPITALS
INSTITUTES OF ORTHOPAEDICS

WHY REPLACE WHEN YOU CAN RESTORE?

The revolutionary Hip Arthroscopy Centre of Excellence. For the first time in India, only at Apollo Hospitals

20 years of pioneering excellence in Orthopaedic care

The Apollo Institute of Orthopaedics is the largest orthopaedic institute in India, with over 1000 beds and 100000+ patients treated annually. It is the only institute in India to have been ranked as the best orthopaedic institute in the world by the Times of India for 10 consecutive years.

India's first Centre of Excellence in Hip Arthroscopy

The Apollo Hip Arthroscopy Centre of Excellence is the first of its kind in India, offering world-class care for patients with hip pain. The centre is staffed by the most experienced hip surgeons in India, and uses the latest minimally-invasive techniques to treat a wide range of hip conditions. The Apollo Hip Arthroscopy Centre of Excellence is the only institute in India to have been ranked as the best orthopaedic institute in the world by the Times of India for 10 consecutive years.

Design makes **Good Sense**

Ramasamy CT
Creative Director

CT is the creative director at BlueShift. He has over 20 years of hands-on experience and brings in great design sensibilities and crisp quality to all the assignments he touches. Before founding BlueShift, he worked at National Informatic Centre, New Delhi as Design Engineer between 1996 -1998. Here, he was part of a team that created official websites for many States, Union Territories, and Ministries, of the Government of India. In 1996 he completed his Master of Design in Industrial Design from the Indian Institute of Technology - Delhi. He has an undergraduate degree in Engineering (mechanical) from Annamalai University.
